### Why We Need You

See3Slam Organization/Tri-Cities Sunrise Rotary is a Washington nonprofit corporation and tax exempt organization under Section 501(c)(3) of the Internal Revenue Code. Now in its third year, a significant part of See3Slam's mission is to organize a quality basketball tournament with a festive atmosphere promoting athletics, fitness, sportsmanship and fun for players, volunteers, spectators and the community at large. Quite a goal! Which is why we need you! See3Slam's backbone is its court monitors. Enthusiastic, committed, and well-trained court monitors are a crucial element of the quality of the tournament. We hope you'll find all of the information that you need below, but if you have any unanswered questions, contact us at eric@see3slam.com or 509.412.5999!

### See3Slam Structure

Be a part of one of the most exciting events in the Tri-Cities! See3Slam hosts hundreds of players and thousands of spectators at this fun-filled event! See3Slam teams are divided into brackets based on age, height, experience and desired competition level. Each bracket contains an average of 16 teams and generally will play on the same court throughout the entire weekend.

### Role & Responsibilities

One court monitor is assigned to each court on the See3Slam site. The monitor is responsible for ensuring that games stay on a timely schedule and that an accurate score is kept. Monitors also make final decisions on any disagreements between teams. In brackets consisting of teams entering grades 1 through 8, court monitors officiate the game as well as oversee the court. In high school (grades 9 - 12) and adult brackets, players call their own fouls and court monitors only call those that are technical, intentional, or flagrant. It is of the utmost importance that monitors make a serious commitment to enforcing See3Slam rules since it is the monitor who is responsible for promoting fairness on the court. To help monitors do this, all monitors are supervised and supported by a group of court marshals, and are given periodic rest breaks by relief monitors.

### Who Qualifies?

Our goal is to recruit individuals who enjoy and understand basketball, adhere to See3Slam rules, and are able to interact well with various types of people. The feedback we've received from players and spectators tells us that everyone appreciates a monitor who knows the rules and approaches the game with a good attitude, sound judgment, and common sense. Some monitors add a little humor to the games, some are serious. But the bottom line is that they know and enforce the rules in an atmosphere of impartiality. (*Note: Only a limited number of applicants under the age of 18 will be accepted as monitors*).

### Rules of the Game

Court monitors enforce a set of rules that are continuously refined for accuracy and applicability. The Rules and Regulations can be found under Rules & Forms by visiting **www.see3slam.com**. Each monitor must attend the mandatory pre-event training scheduled for a June date (to be determined) at the Richland Community Center. The training is structured to explain the monitor's role during the event, including handling emergency issues, the rules of the tournament, bracketing basics, and other relevant topics. If you have any questions about becoming a court monitor, please contact Eric Smith at **eric@see3slam.com**.

### Perks

First and foremost, court monitors enable teams to maximize their See3Slam tournament fun. This can be very rewarding. All court monitors will receive a See3slam court monitor hat and t-shirt. Lunches, beverages and periodic rest breaks are also provided.
